

## FLOOR STANDING ENCLOSURES – SHEET STEEL

### SPECIFICATIONS :

- Panels are manufactured of DKP sheet.
- Panels are electrostatic powder painted in 180-200° C ovens.
- Standart Color is RAL7035.
- The mounting plate is manufactured of galvanized/painted sheet metal.
- Foamed-in Door Sealing Gasket
- **Thickness :**
- Enclosure : 2 mm
- Door : 2 mm
- Mounting Plate : 2 mm
- Plinth : 2 mm
- **Standarts :**
- IEC 61439-1
- GOST Certified
- Type Tested up to 4000A

### TECHNICAL DATA :

|                            |               |
|----------------------------|---------------|
| Nominal Voltage            | 690 V         |
| Rated Frequency            | 50/60 Hz      |
| Nominal Insulation Voltage | 1000 V        |
| Nominal Current            | 800           |
| Protection Class :         | IP54          |
| Operating Temperature:     | -5° C , 55° C |
